

# USING SURVEY PLATFORMS FOR EFFECTIVE ASSESSMENT

# WHAT IS EFFECTIVE ASSESSMENT?

382385

Assessment is the process of gathering and interpreting evidence to make judgements about student learning. It is the crucial link between learning outcomes, content and teaching and learning activities. Assessment is used by learners and their teachers to decide where the learners are at in their learning, where they need to go, and how best to get there. The purpose of assessment is to improve learning, inform teaching, help students achieve the highest standards they can and provide meaningful reports on students' achievement.

*ACT Cross Sectoral Assessment Working Party*

## PRINCIPLES OF ASSESSMENT

1. Assessment should be an integral part of teaching and learning
2. Assessment should be educative.
3. Assessment should be fair.
4. Assessments should be designed to meet their specific purposes.
5. Assessment should lead to informative reporting.
6. Assessment should lead to school-wide evaluation processes.

# TYPES OF ASSESSMENT

*Assessment before learning*

*Assessment of learning*

*Assessment for learning*

# ASSESSMENT

## DIAGNOSTIC

(Assessment *before* learning)

- Pre-testing on content to be covered in a unit before it has been covered to determine existing understandings
- Students share what they already know before beginning a topic
- KWL activities at the start of a unit

## FORMATIVE

(Assessment *for* learning)

- Tasks embedded within learning experiences
- Warm-up quizzes at the beginning of lessons revisiting content of previous lessons
- Check for understanding within lessons
- End of lesson reflection tasks

## SUMMATIVE

(Assessment *of* learning)

- Post testing on content covered, using the same questions as the pre-test to determine growth and improvements
- Students create own surveys to illustrate their understandings
- End of unit evaluation surveys

# SOCRATIVE

Teacher and Student Apps

*iOS, Android and online*

# SOCRATIVE TEACHER

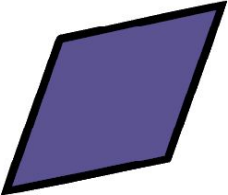

The teacher login to the app or website allows you to create, manage and start quizzes, monitor quizzes in progress and collect data on quiz results.

Name the polygon below:

Q zoom

**A** this isn't a polygon

**B** trapezium

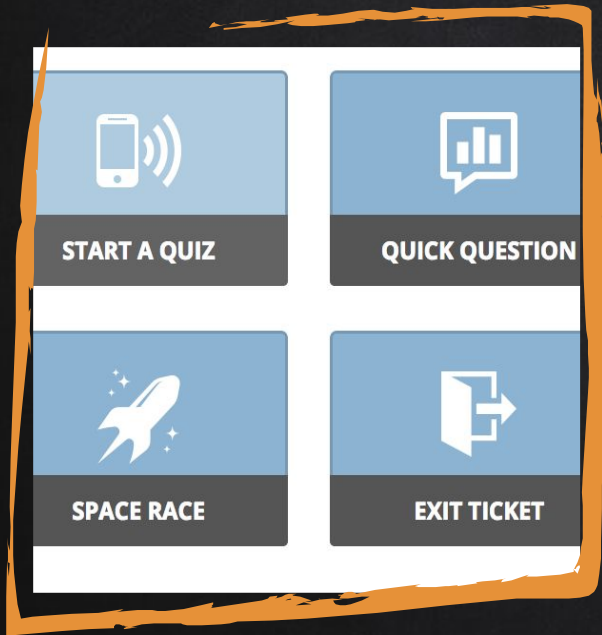

**C** rhombus

**D** square

Students access quizzes through the student app or student login. All they require is the room number or name to access activities their teacher has in progress.

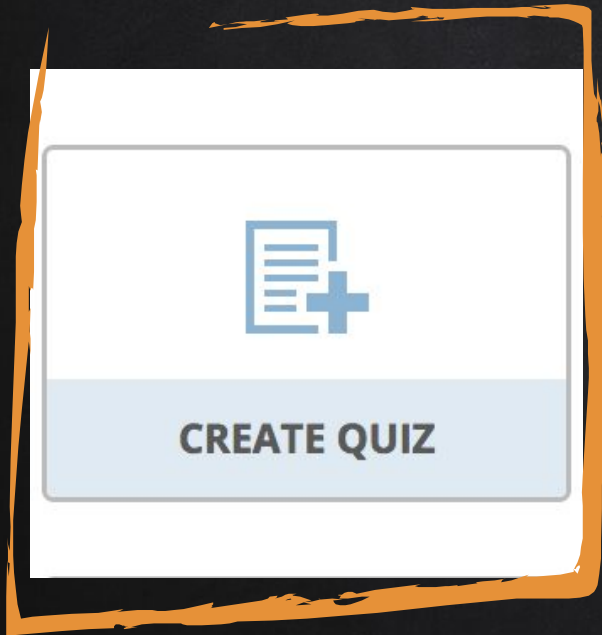

## QUIZ TYPES

- Multiple choice
- Short answer
- True/False
  
- Student paced or teacher paced
- Space Race, Quick Question, Exit Ticket

## CREATING QUIZZES

- Can be created within the app and website
- Can also download an Excel sheet proforma, enter questions and answer, then upload to Socrative
- Quizzes can also be shared between users via share code

## STUDENT RESULTS

- Student results from all quizzes are automatically saved by Socrative.
- They are stored on the site and can be accessed via the Reports section.
- Responses are downloaded as a spreadsheet.

# GOOGLE FORMS

A screenshot of a Google Form with a purple border. The form has a title "SHOWING RESPECT FOR OTHERS SHOWS RESPECT FOR YOURSELF." in a colorful, stacked font. Below the title is a question: "How would people behave differently if everyone showed respect as Jesus did? \*". There is a text input field labeled "Your answer". Below that is another question: "How is Jesus the Word of God? \*". This question has four radio button options: "He taught about God", "He rose from the dead", "He is God's son", and "He had twelve Apostles".

Who creates your human soul?	Give an example of how Jesus, the son of God, showed that he was fully human:	How would people behave differently if everyone showed respect as Jesus did?	How is Jesus the Word of God?	How do we know Jesus' words have power? (choose 2)	Name three elements in the Liturgy of the Word:	Which is not one of the seven Sacraments?	Write a special gift received through the Sacrament of Reconciliation/Penance:
Parents	I don't know	No one would be mean and people would get along	He is God's son	Because he is God's son, Because the promises he made while speaking were always fulfilled	I don't know	Anointing of the Sick	I don't know
God	Helped nearby drivers their people	People around the world would be getting along	He taught about God	Because he is God's son, Because the promises he made while speaking were always fulfilled	Nothing	Marriage	Prayer before Communion
God	Because he lived and died	They would be nice and caring	He rose from the dead	Because he healed people by speaking to them, Because the promises he made while speaking were always fulfilled	The wine the bread the green stole	Confirmation	I don't know ☐
God	By making his own house	Nice but all the same	He is God's son	Because he is Jesus so they just do, Because he is God's son	I forgot	Baptism	I forget
God	He made a mirical and he made people believe in God	It would be horrible. The world isn't the same without sins or mistakes	He taught about God	Because he healed people by speaking to them, Because the promises he made while speaking were always fulfilled	Gospel Reading, First Reading and Second Reading	Death	?
